LMO prides itself on being a full-service CPA firm that provides expertise to individuals and businesses in a variety of industries, including manufacturing, distribution, services, retail, construction, real estate and many others. Between the three partners, LMO

has over 65 years of public accounting experience.

"We offer a wide spectrum of accounting, tax and consulting services, which include: the preparation of compiled and reviewed financial statements; tax planning and tax preparation for individuals, businesses, trusts and estates; IRS representation; business consulting and advisory services; book-keeping assistance; and other business services.

We have a strong base of clients in the Fox Valley and western suburbs.
